

Want to add a service, attract more clients and raise your turnover?

Composite Canine Hydrotherapy Pool for Sale £10,500 no VAT

Photographed here in situ before removal. Side panels and external ramp not supplied. 4 Years old. Cost £14,929.95 new without light or additional jets. See www.animalrehab.co.uk for additional details of this type of pool.

Canine hydrotherapy is fast becoming a recognised complimentary therapy within the Veterinary industry, average charges for a session range from £25.00 to £55.00 depending on the treatment or service offered. We have been involved in canine hydrotherapy for since 2001 and have witnessed the growth. Further information on canine hydrotherapy may be found on www.narch.org.uk

We now have a large outdoor style pool and no longer have use for this lovely compact pool. We can also offer advice on installation, business set up and training as we are also founder management members of the National Association Registered Canine Hydrotherapists.
